Notes:

- # Walkway involving more than one structure (item)
- \* Walkway that is not maintained by Highways Department
- @ Walkway spans across Wong Tai Sin District and Kwun Tong District
- ^ Footbridge HF88 was affected by nearby box culverts and it is confirmed technically infeasible. Therefore, only one lift can only be constructed at the exit near the slope. However, there was an existing at-grade crossing near the proposed lift, the Traffic and Transport Committee under the Eastern District Council decided not to support retrofitting a lift at the footbridge at the meeting on 15 September 2020 and deleted this item.
