

G.N. 2757

RAILWAYS ORDINANCE (Chapter 519)

(Notice under section 6(4))

MTR TSIM SHA TSUI STATION CARNARVON ROAD SUBWAY  
AND ENTRANCES MODIFICATION WORKS

Notice is hereby given that the Secretary for Transport and Housing proposes to execute the station improvement works to the MTR Tsim Sha Tsui Station as described in the scheme and shown on the General Layout Plans Nos. CRS-G01 and CRS-G02; and the Control of Building Plans and Commencement of Work Plan No. CRS-P01 (the 'Plans') annexed thereto. The scheme and the Plans have been deposited in the Land Registry.

The general nature and effects of the scheme are as follows:—

The proposed works are required to construct a new pedestrian subway which runs underneath the Carnarvon Road and across its junction with Bristol Avenue from the existing MTR Tsim Sha Tsui Station concourse to the basement of the K11 Art Mall (Kowloon Inland Lot No. 11188), and modify the existing Entrance D1 and Entrance D2 of the station. The new pedestrian subway will provide an alternative route for passengers interchanging between MTR Tsim Sha Tsui Station and East Tsim Sha Tsui Station. The new pedestrian subway connecting to the existing subway network in the vicinity together with the modified entrances will provide a more direct, convenient, safe and comfortable access for pedestrians and MTR passengers to travel to and from the areas of MTR Tsim Sha Tsui Station and East Tsim Sha Tsui Station. The proposed works involve the following:—

- (a) construction of
  - (i) a pedestrian subway of approximately 80 metres in length underneath Carnarvon Road;
  - (ii) an underground plant room beneath the proposed pedestrian subway; and
  - (iii) an underground integrated Station Entrance D3 at the interface of the proposed pedestrian subway and basement level B2 of the K11 Art Mall (Kowloon Inland Lot No. 11188);
- (b) modification of the existing MTR Tsim Sha Tsui Station Entrance D1 and Entrance D2 at Carnarvon Road;
- (c) modification of an escalator at station concourse in connection with the construction of the proposed pedestrian subway;
- (d) construction of other associated railway facilities including communication facilities and electrical and mechanical plants;
- (e) reconstruction of affected existing roads including carriageways and footpaths;
- (f) civil and structural works, electrical works and mechanical works; and
- (g) ancillary works including associated drainage works, waterworks and landscaping works.

The scheme and the Plans are available for inspection by members of the public free of charge at the following places and during the following hours when those offices are normally open to the public:—
