

Wandering in the Woods Ma On Shan

- Inspired by the vista of looking up the sky through the woods, the design gives the feeling of wandering under the shades of trees, which relieves the stress of walking in the confined space of a long subway, and adds a leisurely touch to the busy life.

House Swift (*Apus nipalensis*)

Known as the “legless birds” . The University Library of the Chinese University of Hong Kong houses the largest local swift settlement.

Sweet Gum (*Liquidambar formosana*)

Native deciduous tree common in Hong Kong. Known for its seasonal colour – bright green in spring and red in autumn.

Hong Kong Orchid Tree (*Bauhinia × blakeana*)

Native evergreen flowering tree originated in Hong Kong. Known for its beautiful purple flowers, it is the emblem of Hong Kong

Ivy Tree (*Schefflera heptaphylla*)

Native evergreen tree common in the countryside.

Four-leaf clover

The majority of White Clover (*Trifolium repens*) is three-leaf. It is believed that finding a four-leaf clover brings good luck.
