Colourful Blessings Tin Shui Wai

The rainbow symbolizes endless possibilities. It shows us how vast and **MAGICAL** our world is and reminds us to embrace our own potential.

The theme of painting works is “Colourful Blessings”. Two natural elements are used. The rainbow symbolises endless possibilities. The four-leaf clover symbolises faith, hope, love and luck. The Four-leaf clover with colours of rainbow symbolises the many possibilities of fortune, which are waiting for people to discover.
