1. All dimensions are in millimetres.

2. Where the concrete footing is located in block paved footpath, the footing should be appropriately lowered to allow for the depth of the paving blocks and the sand course.

3. Where the concrete footing is located in block paved footpath, the footing should be lowered to allow for the paving blocks and the sand course.

Note: 

- Update on inconsistent dimension
- Former Drg. No. H2023A with general revision
- Note 3 added
