

1. ACUTE ANGLED INTERSECTION

3. OBTUSE ANGLED INTERSECTION

2. RIGHT ANGLED INTERSECTION

4. NO CORNER SPLAY PROVIDED

Notes:

1. No corner splay is recommended when 2 boundary lines intersect outside the segment enclosed by the front kerb radii. See Fig. 4.
2. Consideration should be given to the possible future site of pedestrian crossings.

Legend :

- Maximum splay requirement
- Minimum splay requirement
- Recommended splay requirement
